

Skill Development

It is a comprehensive, developmental program designed to assist individuals in making and implementing informed educational and occupational choices. Our career and skill development program develops an individual's competencies in self-knowledge, educational and occupational exploration, career planning, recognizes their strength and opportunities.

We have a planned sequence of activities and experiences to provide a unique mix of learning and social experience to develop competence, motivation, and behavior for a better life and stronger community.

STEP 1: Self-Discovery

- Importance of basic academic education and how extra learning leads to change, development and desire to learn more.
- Identify your skills, interests, and values to discover career paths that are a good match.

Outcome: You will get clarity about your interests and personality traits and will discover through self-realization what's important to you.

STEP 2: Career Development Cycle

- Investigate your desired career paths.
- Research and Brainstorming to collect your career related clues.
- We will help you to set a personal goal which will give you a long-term vision and motivation.
- Learn about the educational and skill requirements of your field(s) of interest.

Outcome: You will make connections between your skills, interest, and values with our activities and discover career paths open for you. Your long-term goals will be set.

STEP 3: Building Skills

- You will be building field-specific skills which is acquired through learning as well as life skills through our activities.
- We will strengthen your Social Skills.
- Develop global awareness
- Refine your career goals

Outcome: Develop and improving your skills, and confirming where your interest lie.

STEP 4: Commitment

- Interest, hobbies, passion and their career clues will be taking into perspective to design their career map.
- Overcoming problems and obstacles with the right growth mindset and having optimism is important.
- Introduction to time management and how can you improve it.
- Continue to consider your future path and career goals.

Outcome: All your last pieces of clues and puzzles will be put in place. Now it's your time to give commitment to your career direction.
